

Software licensing and protection from piracy

StarForce Content

Professional solution protecting electronic documents and information from unauthorized access, copying and use.

StarForce Content is a one of a kind web service enabling to protect electronic documents right from your desk. StarForce Content supports electronic documents in PDF, PPT, PPTX and HTML file formats. It also makes possible to protect other popular file formats such as DOC, RTF, DJVU and JPG by converting them to one of the supported formats.

StarForce Content helps prevent information leaks and unauthorized disclosures by protecting confidentiality and copyright of your documents. Now you can use your documents according to their purposes: send them to partners, clients, customers, contractors and local offices easily and without fear of losing control of your sensitive information. Best of all, the StarForce Content tool allows you to distribute your documents using any media and online.

StarForce Content web service is a unique document protection and distribution control system. It comprises a wide range of Digital Rights Management (DRM) features providing customers with sales and distribution statistics from all over the world in no time.

StarForce Content benefits:

- Reliable electronic document protection from unauthorized access, copying and distribution
- Document printing control
- Protection against screen grabbers
- Protection against PrintScreen function
- Sales and file access statistics
- File access restriction settings – by license expiration date, number of workstations allowed to open a protected document etc.
- Supports distribution on any physical media as well as online

StarForce Content system requirements:

- Online access
- Web browser
